

NEW ON-LINE COURSE @ BCC!

BASIC SPANISH FOR EDUCATORS

SPANISH 101 (code 44702)

October 31 – December 19, 2009

**a six-week on-line course* through
Berkeley City College.**

This is an introductory course, designed for teachers without any previous knowledge of Spanish. The goal of this class is to teach you how to communicate simply and effectively in Spanish in your classroom. This is not a traditional beginning Spanish course – this is a training class for clear, basic communication in your work setting.

In our on-line environment you will be studying elements particular to a school environment – basic vocabulary, understandable communication and cultural concerns. You will also have the opportunity to learn some basic grammar.
